### REASONS FOR ALLOWANCE

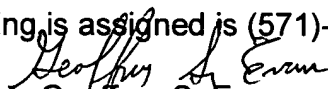

1. The following is an examiner's statement of reasons for allowance: Mallozzi et al. in U.S. Patent No. 3,850,0698 discloses using a liquid overlay material but does not disclose applying a transparent overlay upon the energy-absorbing overlay. None of the references of record discloses or suggests, alone or in combination, a method of treating a workpiece by applying shockwaves thereto, comprising the steps of applying an energy-absorbing overlay composed of a liquid material; applying a transparent overlay upon said energy-absorbing overlay, and directing a pulse of coherent energy to said energy absorbing overlay.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
